Dear Ms Dino Barrett

Re: USPTO Application Number 10/606,254  
Art Unit: 3676

I am bitterly disappointed and surprised with the US Patent Office's decision not to grant The Big-un (Mechanical Vehicle Security Device) with a US Patent simply because we have been granted Patent in the UK, Europe and other parts of the world.

Each Patent Office has accepted that the Restriction of the Driver Area/Seat is Unique, and that the idea had not been previously granted Patent.

Please accept this letter as my Formal Notice to Appeal against your decision.

Yours faithfully
